NEW STATE VOTING RECORDS RESOURCE AVAILABLE FOR HOOSIERS
State Legislative Guide Designed to Highlight Consumer-Friendly Voting Percentage

INDIANAPOLIS—Citizens Action Coalition announces its 2018 Voting Records and Campaign Contribution Database, a unique and interactive database designed to inform Hoosiers of their state legislators’ votes at the Indiana State Legislature regarding consumer, environmental, energy, and utility issues.

The database also highlights legislators’ campaign contributions from the Energy and Natural Resources Sectors as defined by the organization Follow the Money.

“Come election time, Hoosiers want to know what their legislators did last session in order to hold them accountable,” said Lindsay Shipps, organizer with Citizens Action Coalition.

“This database gives Hoosiers the tools and ability to more readily make their choices when it comes to the Indiana Statehouse.”

About CAC:

CAC was founded in 1974 by a group of faith, union, consumer and environmental groups. Since then it has advocated for Hoosiers regarding energy policy, utility reform, health care, pollution prevention, and family farms. In order to achieve the objective to protect consumers in Indiana, CAC’s activities include performing research, carrying out public education campaigns, organizing citizens, creating public awareness, lobbying legislators, intervening in utility cases before the Indiana Utility Regulatory Commission, and litigating when necessary. CAC has saved rate payers more than \$4 billion in excess utility charges since 1974.
